

## Pandoras Seed: The Unforeseen Cost of Civilization

By Spencer Wells

Tantor Media Inc. No binding. Book Condition: New. Audio CD. Dimensions: 6.5in. x 5.5in. x 1.1in. This new book by Spencer Wells, the internationally known geneticist, anthropologist, author, and director of the Genographic Project, focuses on the seminal event in human history: mankind's decision to become farmers rather than hunter-gatherers. What do terrorism, pandemic disease, and global warming have in common? To find the answer we need to go back ten millennia, to the wheat fields of the Fertile Crescent and the rice paddies of southern China. It was at that point that our species made a radical shift in its way of life. We had spent millions of years of evolution eking out a living as hunter-gatherers. When we learned how to control our food supply, though, we became as gods we controlled the world rather than it controlling us. But with godliness comes responsibility. By sowing seeds thousands of years ago, we were also sowing a new culture one that has come with many unforeseen costs. Taking us on a 10,000-year tour of human history and a globe-trotting fact-finding mission, Pandora's Seed charts the rise to power of Homo agriculturis and the effect this radical shift in lifestyle has had...
