Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Arithmetic for High Schools and Collegiate Institutes The following work was prepared for the use of pupils in High Schools and Collegiate Institutes. As all pupils in these schools are required to possess, before admission thereto, a sufficient knowledge of arithmetic to enable them to solve easy problems such as those in Exercise I and IV pp. 45 to 55 and 75 to 85 of the present work, the author has taken for granted the possession of such knowledge by those who will use this book. In other words, he has sought to supplement and to continue without any unnecessary repetition the course of arithmetic begun in the Public School Arithmetic. Furthermore, as the book is not intended for private study but for class-instruction under the guidance and with the intelligent assistance of competent mathematical masters, the Author has endeavored to avoid encroaching on the province proper to the instructor and has in general given only the main outlines of proofs and investigations leaving it to the teacher to fill in the details and to...
