Reviews

The book is great and fantastic. It is written in straightforward words and phrases rather than difficult to understand. You won't really feel monotony at any time of your respective time (that's what catalogues are for regarding should you question me).

From the philosophical, we pass to the practical aspects of national churchmanship, as these disclose themselves in our own land. The moment we do this, we are confronted by a startling spectacle, -- a vision which seems to negative all hope; which looks to be, so far as any prospect of unity is concerned, a veritable apocalypse of despair. I know of no book which an intelligent American who is both a lover of his country and a believer in the teachings of Jesus Christ, is under a more solemn obligation to study than that volume of the United States Census of 1890 which deals with the statistics of religion. 1 Aside from all ecclesiastical interests, the work is worthy of attention on its own merits. Merely as a sociological achievement, it ranks with such monumental achievements as Charles Booths Enquiry into the Industrial Condition of the London Poor. Whether as respects ingenuity of method, fairness of treatment, or thoroughness of detail, Dr. Carrolls conduct of the exceedingly delicate task intrusted to him has been beyond praise. It is doubtful whether in any language there exists a conspectus of the religious statistics of a people so complete as that which he and his able helpers have succeeded in putting before us. In English there is nothing that approaches it. Not only are the figures with respect to denominational strength marshalled and re-marshalled in almost all possible combinations; not only are we told...
