Brand New Book ***** Print on Demand *****.Ethics in ancient times signified moral philosophy (*philosophia moralis*) generally, which was also called the doctrine of duties. Subsequently it was found advisable to confine this name to a part of moral philosophy, namely, to the doctrine of duties which are not subject to external laws (for which in German the name *Tugendlehre* was found suitable). Thus the system of general deontology is divided into that of jurisprudence (*jurisprudentia*), which is capable of external laws, and of ethics, which is not thus capable, and we may let this division stand.
