Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.
(Prof. Loyce Runolfsson Jr.)

BANGLADESH: HUMAN RIGHTS

Createspace, United States, 2014. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.Bangladesh is a parliamentary democracy. Prime Minister Sheikh Hasina led the Awami League (AL) to victory in the 2008 parliamentary elections, which international and domestic observers considered free and fair, although with isolated irregularities and sporadic violence. Authorities failed at times to maintain effective control over security forces. Security forces reportedly committed human rights abuses. The most significant human rights problems were arbitrary arrests, regulation of online speech, and poor working conditions and labor rights. Other human rights problems included extrajudicial killings, arbitrary detentions, weak judicial capacity, and lengthy pretrial detentions. Authorities infringed on citizens privacy rights. Politically motivated violence and pervasive official corruption remained serious problems. Some nongovernmental organizations (NGOs) faced legal and informal restrictions on their activities. Women suffered from unequal treatment. Many children were compelled to work, particularly in the informal sector, due either to economic necessity or in some instances trafficking. Discrimination against persons with disabilities was a problem, especially for children seeking admittance to public school. Instances of societal violence against religious and ethnic minorities persisted, although many government and civil society leaders claimed these acts had political or economic motivations and should not be attributed wholly to religious beliefs or affiliations. Child marriage of girls was a problem. Discrimination against persons based on their sexual orientation continued. Official corruption and related impunity remained problems. Weak regard for the rule of law not only enabled individuals, including government officials, to commit human rights violations with impunity but also prevented citizens from claiming their rights. As in recent years, the government did not take comprehensive measures to investigate and prosecute cases of security force abuse and killing.
