NATYASAstra IN THE MODERN WORLD: PROCEEDINGS OF THE 15TH WORLD SANSKRIT CONFERENCE (VOLUME III: SPECIAL PANEL ON NATYASAstra)

[DOWNLOAD](#)

D.K. Printworld (P) Ltd., New Delhi, India, 2014. Hardcover. Book Condition: New. Dust Jacket Condition: New. First Edition. Natyashastra of Bharatamuni, considered as the fifth Veda, has remained a Samhita with a systematic presentation of conceptual frameworks, theories and practices of Indian theatre for a few millennium years. Every performing art of India (dancedrama) has drawn both theoretical and aesthetics values from Bharata and his Natyashastra, giving continuity to a legacy, as it was written to set models and standards for actors, artisans, and the playwrights. Natyashastras discovery in the nineteenth century was a milestone in the world history of aesthetics and theatre. The subsequent researches made Bharata and his theatre a vibrant topic of global dialogue and researches. This has resulted in the discovery of different versions of the Natyashastra. This volume discusses in detail the divergent views on Natyashastra its origin, concepts, philosophy, history, vritti, impact on traditional stages, relevance in modern age and stage, and its applicability in post-modern stage. It also vividly talks about the interlinks between Natyashastra and the regional theatre forms with specific focus on south India. It therefore reinstates the fact that the regional theatric traditions have considerably contributed to the restructuring of Natyashastra texts. With deliberations on varied topics, this book proudly announces that Natyashastra is not just a text, but a tradition of theatre that has remained vibrant till today, reminiscent of Indian world-view. And this makes this volume a must-study for "who is who" in the theatric domain. Printed Pages: 167. Size: 15 x 23 Cm.
