Studies show that parental involvement results in better grades, higher test scores, and better chances on future academic success. Tutoring has proven to be an effective way to improve grades. But, few parents realize that they can, in fact, be their child s best tutor! It s Stuart Ackerman s goal to get parents to understand curriculum documents to help their own children at home. Ackerman - who has been a regular guest on radio and television - gives families the tools they need to self-tutor their kids without even opening a textbook. The book features all the subject areas in math from grades 1-6 and gives real-life, hands-on math skills that kids can learn with help from their parents.
